

# MACK INDUSTRIES

*"Quality and Service Since 1932"*

Volume 3

## What can **MACK** do for you?

For residential wastewater treatment, **MACK INDUSTRIES** offers a variety of different solutions to meet just about any need you may have.

Our offerings include (but are not limited to):

- Precast Concrete Septic Tanks
- Home Aeration Septic Tanks
- Home Aeration Wastewater Treatment Systems
- Chlorination and UV Disinfection Units
- Sand Filters
- Dosing Tanks
- Grease Traps
- Leachfield Equipment

**MACK INDUSTRIES** also offers Home Aeration Maintenance Safety Policies. This policy provides you with two maintenance calls per year and is renewable yearly. The policy includes:

- Inspection and Cleaning of the Aerator Shaft
- Inspection of Pumps and Floats
- Bio-Kinetic Filter Change
- Inspection of chemicals or UV unit
- Inspection of Leach Field or Mound.

### Why Choose **MACK INDUSTRIES**?

- Locally Owned and Operated.
- Experienced and Certified Technicians.
- Provide maintenance and repairs, not just inspections.
- Over 50 years of experience installing and designing Sewage Treatment Systems.
- Norweco and Jet Distributors.

Count on Mack's years of experience for quality wastewater treatment systems. We have the expertise in sales, engineering, installation, and service to make your residential wastewater treatment project a success. We understand that each county or municipality may have different regulations when it comes to the installation of, and specifications for residential wastewater treatment systems. Our sales staff will have no problem developing a system that will meet or exceed those specific regulations.

**Remember, Prevention is the best form of defense!**
